Statement on how the building product is expected to contribute to compliance:

B2 Durability

This product is a component within the plumbing services of a building, typically controlling the flow water at a terminus, is easy to access and replace, and failure would be easily detected during normal use.

E3 Internal Moisture

Surfaces of this product likely to be splashed or become contaminated during the intended use of the building, must be impervious and easily cleaned.

F2 Hazardous Building Materials

This product is constructed of materials that will not emit harmful concentrations of substances from exposed surfaces.

G1 Personal Hygiene

This product is a sanitary fixture constructed and designed to be installed to discharge to a plumbing and drainage system as required by G13 "Foul Water" when water-borne disposal is used. This product is a sanitary fixture constructed and designed to be installed that facilitates sanitation. This product is a sanitary fixture constructed and designed to be installed to allow effective cleaning.

- *options for compliance set out in section 19 of the Act (regulations, acceptable solution, verification method)*
- *standard or technical document that describes the performance of the building product or the relevant specifications to which the building product was manufactured*
- *physical properties of the building product*
- *how the building product is intended to be used.*

Limitations on the use of the building product:

WELS rated for water efficiency in accordance to AS/NZS6400.

Design requirements that would support the appropriate use of the building product:

Installation requirements *(also provide link to the product installation guide)*:

Must be installed by a registered plumber and in accordance with AS/NZS3500.

Maintenance requirements *(also provide link to the product maintenance guide)*:

We recommend the use of soapy water or approved cleaners.
This product should not be cleaned with abrasive materials. Damage caused by any improper treatment is not covered by the product warranty. Refer to Warranty Conditions

Is the building product/building product line subject to warning or ban under section 26 of the Building Act 2004?:

☐ Yes ☒ No

If yes, description of the warning or ban under section 26:
